Elevate your audio production to new heights with Dante's Eco-System products.

Dante Column Speaker PoE

60W - SKU# 500220

Designed with advanced linear sound source technology, it send the sound to the target area accurately, avoiding reflection from the ceiling and ground while increases the proportion of direct and reverberation sound to greatly improve speech clarity.

Dante Ceiling Speaker PoE

40W - SKU# 500221

High performance, full band speaker, ideal for providing background music and vocal performance and is designed with advanced linear sound source technology.

Dante 4-Channel Audio DSP

SKU# 500556

Developed for the transmission, routing, and processing of audio signals in Dante networks.

Dante 2-Channel Analog Audio Encoder

SKU# 500551

Permits non-Dante compatible analog audio equipment to interface with Dante compatible professional audio equipment.

Dante 2-Channel Analog Audio Decoder

SKU# 500552

Designed to receive digital audio signals from Dante-compliant equipment, then decode and output them as analog audio signals.

Dante 2-Channel USB Audio Encoder/Decoder

SKU# 500550

Designed to both encode 2ch USB audio to a Dante digital signal, and decode a Dante digital signal to 2c USB audio.

Dante 2-Channel Power Amplifier

240W - SKU# 500553

Features a Dante slot card that accepts the digital signal from the Dante network and converts it to an analog audio signal using it as the input source of the amplifier.

Dante/Quad Channel Audio PoE gateway

SKU# 500765

Permits non-Dante compatible analog audio equipment to interface with Dante compatible professional audio equipment.

HDMI/Dante over IP PoE Transmitter

UHD-4K - SKU# 500759-TX-Dante

Allows HDMI video equipment plus Dante audio equipment to be connected and extended to create an independently distributed audio and video network.

Bluetooth to Dante Interface

SKU# 500554

Two-way audio transmission panel for Bluetooth and Dante. Converts the received audio signal into digital signal transmission through Dante network

Bluetooth and Analog Audio to Dante Interface

SKU# 500555

Two-way audio transmission panel for Bluetooth Analog Audio, and Dante. Converts the received audio signal into digital signal transmission through Dante network
